DESCRIPTION

Help! My due date was yesterday and I can't get anyone to plow our road! I'm afraid my minor and inconsistent contractions are going to turn more serious before too long. At this point I'm going to have to call 911 if I progress before the road gets plowed. Help!

Hi,
Please do call 911 if you think that there is any chance you are in danger. There is no harm in doing so. In the meantime we will try to get the word out to see if we can find a private contractor to help plow your road.

Behah, your situation has been forwarded to Branford town hall and has posted on social media via Facebook. However, Ben is right--please do call 911 if you feel that you're in danger and need immediate help. People have this link now but are just learning how to use it...so please call for help if you need it. Wishing you and your baby well!

A million gratitudes over again! I can't even put into words the immense gratitude I have for the crew who plowed Silver St in Branford.

A very happy and healthy baby boy! 6lbs 6oz. 19 in long. Born less than 6 hours of true contractions!

Steve M (Guest)

Bekah, this is Steve Mazzacane, of Branfordseven. Can you email me please? I'd love to write an article about this. my email is steve@smconsultinggroup.com. Thanks, and congrats!

DEAR CITY OF ALBANY
A WATER PIPE WAS LEAKING
SO THE CONSTRUCTION MEN
NEEDED TO DIG A HOLE IN OUR STREET
AND THEN THEY RE-PAVED
IT BUT THEY LEFT A POTHOLE
WHY IT IS A PROBLEM I WAS

We were copied on this letter to the city of Albany from a 7-year-old girl who lives in uptown Albany. Here's the text (with a few copyedits):

Dear City of Albany

A water pipe was leaking so the construction men needed to dig a hole in our street and then they re-paved it but they left a pothole. Why it is a problem I was running on my street and it was really dark and I didn't see the pothole right in front of me so I ran right into it and my knee was bleeding and I can't do gymnastics or soccer because of it. I would like you to re-pave that pothole so that won't happen to me again or my brother or if my new neighbors have kids it won't happen to them. Thank you, Amy [last name]

Wait until this kid starts using [that SeeClickFix app](#). Or shows up during the public comment period at a Common Council meeting.
