

## **GIS Analyst/Cartographer**

**Environmental Design & Research, Landscape Architecture, Engineering, & Environmental Services, D.P.C.  
Syracuse, New York**

Environmental Design & Research, Landscape Architecture, Engineering, & Environmental Services, D.P.C. (EDR) is seeking a detail-oriented, quality-driven candidate for a GIS Analyst/Cartographer position. This position will involve working closely with senior-level GIS staff on tasks related to data organization, cartography (primarily report figure production), research, and analysis in support of a wide variety of development projects. Minimum software proficiency requirements include ESRI ArcGIS Desktop (specifically ArcMap and ArcCatalog), ArcGIS Online, ArcGIS Pro, and Microsoft Excel. The ideal candidate will have 2-4 years of GIS experience, exceptional data management skills, be efficient and deadline oriented, and enjoy working on diverse projects often with challenging deadlines. A working knowledge of Autodesk AutoCAD, Global Mapper, Adobe InDesign, and GPS systems are also desired, but not required. GISP certification or desire to become certified will be considered a benefit to the position.

EDR is a multi-disciplinary environmental consulting and design firm that has been in business for nearly 40 years (since 1979). Our staff is a diverse group of professionals that includes environmental analysts, GIS specialists, archaeologists, historians, visualization specialists, planners, landscape architects, and civil engineers. Come join our team, work on interesting and challenging projects, and collaborate with our talented group!

To apply for this position, please submit your resume and letter of interest to [syr@edrdpc.com](mailto:syr@edrdpc.com) or in writing to: Environmental Design & Research, Landscape Architecture, Engineering, & Environmental Services, D.P.C., Human Resources, 217 Montgomery Street, Suite 1000, Syracuse, New York 13202
